**NEW JERSEY STATE BOARD
OF MEDICAL EXAMINERS**

STATE OF NEW JERSEY
DIVISION OF CONSUMER AFFAIRS
BOARD OF MEDICAL EXAMINERS

IN THE MATTER OF:

JOHN F. CAREY, M.D.
LICENSE No: MA 65417

Administrative Action

LICENSED TO PRACTICE
MEDICINE AND SURGERY
IN THE STATE OF NEW JERSEY:

ORDER OF UNRESTRICTED
LICENSE

This matter was opened to the New Jersey State Board of Medical Examiners (Board) by way of receipt of Dr. Carey's petition for an unrestricted license. In a Final Order of Discipline filed August 11, 2003, the Board placed Dr. Carey on five years probation concurrent with a five-year probationary period underway in the State of New York. The New Jersey Order followed notice of and mirrored the terms of a February 17, 1999, Consent Agreement and Order entered into by Dr. Carey and the New York State Board for Professional Medical Conduct (New York Board).

The New York discipline was based upon Dr. Carey's plea of "no contest" to two of five factual allegations, Dr. Carey pleaded "no contest" to the factual allegation that he failed to maintain a medical record that accurately reflected the evaluation and/or treatment of a patient he treated from approximately April 11, 1990 through May 15, 1992; and he pleaded "no contest" to the factual

allegation that he failed to maintain a medical record that accurately reflected the evaluation of a patient he treated from December 8, 1992 through January 5, 1993. The probation set forth in Dr. Carey's New York Order included the following terms, among others: that Dr. Carey practice medicine only when monitored by a licensed physician; that a female chaperon be present when Dr. Carey examine or treat any female patient; that the chaperon confirm her presence during each examination of a female patient via logs; that the chaperon provide quarterly reports and logs; and that the chaperon report within 24 hours any failure by Dr. Carey, including any actions of a sexual nature or inappropriate comments to a patient. An April 12, 2004 letter from the New York Department of Health evidences Dr. Carey's satisfactory completion of probation in New York on February 24, 2004.

Dr. Carey appeared before a Committee of the New Jersey Board on July 28, 2004, to demonstrate his fitness to return to the unrestricted practice of medicine. The Board having found that Dr. Carey fully complied with the August 11, 2003 Final Order of Discipline and finding that the within Order is adequately protective of the public health, safety, and welfare,

IT IS on **this** 22ND day of **APRIL**, 2005,

ORDERED THAT:

1. **John F. Carey, M.D., is hereby granted an unrestricted license to practice medicine and surgery in the State of New Jersey.**
